A Life On Our Planet—Sir David Attenborough 2020-10-06 In this scientifically informed account of the changes occurring in the world over the last century, award-winning broadcaster and natural historian shares a lifetime of wisdom and a hopeful vision for the future. See the world, then make it better. I am 93. I’ve had an extraordinary life. It’s only now that I appreciate how extraordinary. As a young man, I felt I was out there in the wild, experiencing the untouched natural world — but it was an illusion. The tragedy of our time has been happening all around us, barely noticeable from day to day — the loss of our planet’s wild places, its biodiversity. I have been witness to this decline. A Life On Our Planet is my witness statement, and my vision for the future. It is the story of how we came to make this, our greatest mistake — and how, if we act now, we can yet put it right. We have one final chance to create the perfect home for ourselves and restore the wonderful world we inherited. All we need is the will do so.

The Expert Witness—Jessie Prince 2018-09-13 A memoir of a life that became involved in a secret society masquerading as a religion in Hollywood that practices magic and domination. This body of work could have been about you if you were contacted or chosen like I was. Buckle up and get ready to be changed in your thinking forever.

Witness to a Miracle—Brian F Smith 2020-12-11 THROUGHOUT life you will come across experiences to which there seems to be no answers. Not in this earthly lifetime, anyway. These experiences leave a deep impression within us, as we strive to understand. In this book, the author tells of several such experiences he has had as a young policeman and in his private life. “We watched in wonder as his features gradually changed. We could not help but comment on the changes taking place. Our eyes were transfixed on him. We could not pull them away. Although we saw these changes occurring, we could not actually see any part of his body move. His body altered from that of a 61-year-old man to that of a little boy. He was perfect in every way. His features then gradually reverted to the way they were before. What we were seeing was impossible, yet it was happening right before our eyes. It was the most amazing and beautiful thing I have ever seen!”As you read these stories you ask the question, “Why?” But the answer does not come. Everything must happen for a reason. We don’t know the reason but hopefully one day we will. Brian has tried many sources looking for answers but all to no avail. In this book, he tells of his own theories. Please read this book with an open mind. There will be those who will find some of the contents hard to believe and had I not seen Rocky’s transformation with my own eyes I may have been one of them. But I did see it and I am left wondering, We really must believe that one day we will understand!

Petting Tigers—Elizabeth Stix Bernstein 2018-08-07 Petting Tigers is not a gritty, edgy "trauma memoir." Nor is it a shocking expose of a corrupt religious sect. It is the story of what can happen when a child’s dreams are stolen, and the agonizing experience of watching as one’s own light is snuffed out. It’s about having one’s mind washed away and replaced with
hypnotic rote beliefs that are self-destructive and make no sense in the real world. Petting Tigers is a story about overcoming huge obstacles when you think you have no resources, internal or external to change God's best. First Place 4 Health participants will be challenged to ask God to give them a desire for Him in every area of their lives, from daily circumstances to personal relationships and, ultimately, to spiritual maturity. The roller coaster ride up and down the scales is about to end. When readers open their hearts to God’s will for their lives, they will be blessed in ways they never imagined! This First Place 4 Health Bible study contains 12 weeks of daily study to help members and participants to put Christ in first place. Based on proven techniques and more than 25 years of experience, First Place 4 Health is the most complete Christ-centered healthy living program available, and it has helped thousands of members create balance in the four core areas of their lives, emotional, spiritual, mental and physical. The results? Weight loss and total health from the inside out!

Death Row: The Final Minutes-Michelle Lyons 2018-05-03 IN 12 YEARS, MICHELLE LYONS WITNESSED NEARLY 300 EXECUTIONS. First as a reporter and then as a spokesperson for the Texas Department of Criminal Justice, Michelle was a frequent visitor to Huntsville's Walls Unit, where she recorded and relayed the final moments of death row inmates' lives before they were put to death by the state. Michelle was in the death chamber as some of the United States' most notorious criminals, including serial killers, child murderers and rapists, spoke their last words on earth, while a cocktail of lethal drugs surged through their veins. Michelle supported the death penalty, before misgivings began to set in as the executions mounted. During her time in the prison system, and together with her dear friend and colleague, Larry Fitzgerald, she came to know and like some of the condemned men and women she saw die. She began to query the arbitrary nature of the death penalty and ask the question: do executions make victims of all of us? An incredibly powerful and unique look at the complex story of capital punishment, as told by those whose lives have been shaped by it, Death Row: The Final Minutes is an important take on crime and punishment at a fascinating point in America’s political history.

Can I Get a Witness-

I Witness News, I Witness Miracles-Kris Patrow 2011-10 There’s good news and bad news. The bad news is, well … there is a lot of bad news out there. At least if you’re getting it from TV. Eighty-three percent of Americans believe that television news is the most negative, compared to newspapers, radio, and the Internet (The Wirthlin Report, Feb. ’04). Author Kris Patrow admits it’s partly her fault. For nearly twenty years she was bringing it into their living rooms as a television news anchor and reporter. Bad news was her job. The good news is, that’s not the whole story. It never was. And Kris is on a mission to prove it. I Witness News. I Witness Miracles: A Reporter's Notebook is step one of that mission: from reporting the countless “good news” stories that never made air, to pointing out the good things that happen in everyday life; things that many people have forgotten how to see in this gloom-and-doom world painted by the media. At a time when television news has many of us closing our doors and eyesing each other with suspicion, I Witness News. I Witness Miracles: A Reporter's Notebook reports stories that will help people see each other and the world in a new, more compassionate way and see miracles so common, they re-thread the needle connecting us to one another.

Witness-Ariel Burger 2018 “In the vein of Tuesdays with Morrie, a devoted protégé and friend of one of the world’s great thinkers takes us into the sacred space of the classroom, showing Holocaust survivor and Nobel Peace Prize recipient Elie Wiesel not only as an extraordinary human being, but as a master teacher”--

To Give Witness-Gordon Kunkler 2020-01-30 I wrote this book also for a number of reasons. There are people and organizations that want to take our faith and beliefs away from us. In many ways, we have already lost a lot of ground and some of our ways of practicing our faith. Our forefathers came to this country for freedom of faith. They were tired of being told how
they had to worship God or that they couldn’t do this or that. Our country was founded on the idea of freedom of religion. We have the right to worship where we feel like worshiping. I am not telling anyone else what they can do or how to worship. I am just practicing my faith. Others are free to not worship and stay home on Sundays and do nothing if this is what makes them happy. But they don’t need to tell me where I can hang a picture of Jesus, put up a cross or sign, or where I can pray to my savior. I have showed in this book where we have lost some of our freedom because we did nothing. Those with money have won out in many ways. We may not be rich in money, but we all have a voice and legs to stand on. We can’t convince anyone that we are right by saying, “Okay, we won’t defend what we believe.” This we have done too often. The prophets were perhaps the first to give witness to us and then Jesus and then the apostles and the church after that. All of creation, if we look at what God has created and is still creating, should all be witnesses. The big bang theory just doesn’t work. Everything had to begin with something. Where did this something come from if not from an all-knowing supreme being. This I all tried to bring out in my book, as well as the time when God spoke for himself when the sky opened and a voice from the clouds said, “This is my beloved Son. Listen to him.” In this book, I have witnessed again and also some of my friends have given their witness in hope of convincing others how important our faith is and how we all need to respond to attacks on our faith. If you want to share your faith in Jesus and how you have seen God work in your life, I would like to tell you to maybe write your own book. If you say that it isn’t possible for you to write, I would like you to send me the story of God’s work in your life. When I get enough, I may have another book to write. If God wants you to write, he will help you. He helped me. A few years ago, a friend read my first book and shared her story with me. I told her that she should write her own book, and she did; in fact, she has written several. Her name is Vicki Leigh. I shared a part of her story in this book. Will you stand up or speak for your faith?

Your Witness—Steven F. Molo 2008

Witness to Love—Mary-Rose Verret 2015-07-21 Extraordinary marriages don’t just happen. They flow from grace-filled, faithful, and fruitful covenants of love. Every marriage, and even preparation for marriage, has its ups and downs. In a world and culture that seems to isolate and criticize, authors Ryan and Mary-Rose Verret proclaim: you are not alone! In these pages the Verrets offer the married and soon-to-be married a program for profound and transformative discipleship. Witness to Love gives married couples the tools and encouragement to share the grace, struggles, joys, and blessings of their marriage with young couples in desperate need of mentors. In Witness to Love, the Verrets issue a challenge to us all. Share your lives, share your heart, share your love. Make disciples!

Living Witness—Andy Draycott 2013-01-24 Because God calls his people to be a living witness to him, morality is mission. Conversely, immorality is anti-mission, a failure to give true testimony or witness. This, in essence, is the theme of this stimulating and challenging volume. The whole life of the people of God, not just verbal proclamation, testifies to the church’s faith—its lack of faith—in her Lord. The contributors explain that mission and ethics are intricately and necessarily interwoven, and explore why this is so by unpacking the biblical and theological roots of missional ethics, probing its limits and exploring its possibilities through examination of some foundational themes and a selection of specific issues. Intended primarily for pastors and church leaders, this volume encourages reflection and conversation that will feed the life of the body of Christ. Missional ethics concerns all the ways in which Christian ethical practice flows out of, supports, and advances the wider mission of the church to proclaim the gospel. The contributors are Brian Brock, M. Daniel Carroll R., Jonathan Chaplin, Guido de Graaff, Sean Hobart, Andy Draycott, Joshua Hordern, Matt Jenson, Grant Macaskill, Nathan Moser, Jonathan Rowe, Sarah Ruble, and Christopher J. H. Wright.

Ghost Boys—Jewell Parker Rhodes 2018-04-17 A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. An instant New York Times bestsellerAn instant IndieBound bestsellerThe #1 Kids’ Indie Next PickA Walter Award winner Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that’s been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father’s actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today’s world, and how one boy grows to understand American blackness in the aftermath of his own death.

Basic Lessons on Life—Witness Lee 1993

My Life in Court—Louis Nizer 2015-11-25 “The layman’s impression of a trial frequently comes from stage, motion picture, and television sources, which, while invariably exciting, are a pale simulation of a real trial. My quarrel with these presentations is not that they are technically incorrect, but that they are substantially inadequate. They lack emotional authenticity. They tend to become stereotyped. Their falsity largely defeats their authors’ purpose because the excitement, surprise, and meaningfulness of a real court contest are incomparable and elude imagination. In fictional court scenes one sharp contradiction often breaks the witness, who then hysterically screams a confession. In real life the witness’s fortitude in the face of exposure is as remarkable a human body’s resistance to incredible torment. The need to survive creates desperation, and desperation makes possible survival. This circle of determination is not easily broken, and in the succeeding pages one will find dozens of entrapments and startling contradictions, leaving the witness no retreat and compelling him to admit his error. Yet he continues to fight back and clutch for the remote chance that the tide will turn and he will not go under. Sometimes, it does, and the bizarre developments that bring it about are also beyond inventiveness. This gruesome struggle exceeds the artificial concept of authors of what constitutes court drama in the same way that true human experience in any sphere exceeds the patterned concept of some fiction.” This gripping legal classic is organized as follows: Prologue: Opening the Green Doors 1. Reputation: The Libel Case of Quentin Reynolds vs. Westbrook Pegler 2. Divorce: The “War of the Roses” and Others 3. Talent: The Case of the Plagiarized Song “Rum and Coca-Cola” 4. Honor: Issue of Nazism in America 5. Life and Limb: Two Cases of Negligence 6. Proxy Battle: The Struggle Over Loew’s

Awakening of a Jehovah’s Witness—Diane Wilson 2002 This tale of mind control, the use of fear to manipulate vulnerable people, and final escape from a suffocating cult environment is a revealing exposé of a secretive contemporary sect, as well as a true psychological thriller. Diane Wilson spent twenty-five precious years of her life, first becoming indoctrinated by the dogma of the Watchtower Society, and then struggling to free herself from its pervasive, intimidating clutches. In this probing, brutally honest assessment, Wilson describes how a childhood of psychological abuse and lack of self-confidence rendered her vulnerable to the seductive doctrines of the Jehovah’s Witnesses. Yet as time went on and the society demanded rigid control over every aspect of her life, even her every thought, Wilson began to rebel. Her gradual awakening, at first unconsciously through physical and psychological altercations, and then consciously as a caring therapist helped her rediscover her true self, is a fascinating story. What she reveals about the goings-on within the closed Watchtower Society will shock the average person who assumes the polite, well-dressed people who pass out leaflets are much like any other conservative religious group. Wilson contends that membership in the Jehovah’s Witnesses requires obedience bordering on psychological enslavement and complete suppression of individuality. Her engrossing memoir will be of great interest to former Witnesses, students of cult phenomena, and anyone who has ever had contact with Jehovah’s Witnesses.

My Life as I Remember It—Billy D. Smith 2009-10-30 In writing my book I tried, to the best of my memory (and with the help of a lot of people), to relate and have a true story about the things that we did as children and adults about growing up and living in a small town in Alabama. Even though times were hard then, I feel very fortunate to have grown up during that
time and in that place. I believe that my life has been guided and protected by a Higher Being and I thank God for looking after me and guiding my life. I also had some great teachers which I am thankful for knowing. Most of our teachers loved us and tried to help, when they could, to prepare for our future. All this gave me confidence to go into adult life and knew that I had my future in my hand and could make my life and that I alone am responsible for my actions. I believe that growing up in Roanoke gave me the knowledge and background to have a great life, for which I am thankful, and I hope for many more good years.
