I Live Dead - 2013-10-01 The Live Dead Journey is an interactive experience that introduces readers to 12 missionaries who live and work among unreached people groups in the Arab World. On the journey, you will learn about 7 of the major cities in the Arab World, learn valuable truths from each missionary, walk with them through their community, and pray with them for the unreached people in their countries. Throughout the book there are exercises for raw art journaling and prayer meditation. Written by missionaries who live and serve in those nations, these followers of Christ are bringing the gospel to those who have not heard it. Young and old, male and female, they have a common passion to see the church planted where it does not exist. They are not heroes; they are simply trying to be obedient, struggling "to live dead" so that Jesus might be glorified. "To Live Dead is to live life wholly for Jesus... to die to self, leaving God to do a greater work through you... to surrender the life of God among those who are unchurched."
