When You Think You're Not Enough: Daphne Rose Kingma 2012-01-01 Who Better to Love You Than You? It's time to stop feeling like we're not enough. We're either too fat or too thin. We're not good enough, plenty enough, popular enough, powerful enough, bold enough, brave enough, interesting enough... The solution? More self-love. Know yourself. Bestselling author and psychotherapist, Daphne Rose Kingma, offers a four-step plan to reclaim and love ourselves. Complete with stories and examples to drown out the inner critic, When You Think You're Not Enough sets out to remind us that we're more than enough. Be nice to yourself. If we're being honest, we don't take ourselves much into consideration. Acceptance, appreciation, respect, compassion... we reserve these virtues for others. Daphne reminds us that we need these to feel good too. It is only after we foster these in ourselves that we can apply it to a greater purpose. Inside, she'll encourage you to love who you are, and look at and let go of: • Self-deprecating behaviors and beliefs • Old patterns and pressures • Imaginary ideals and standards If you're ready to start loving yourself, and enjoyed books like, I Thought It Was Just Me (but it isn't), More Than Enough, or You Are Enough, then you'll love When You Think You're Not Enough.

So, You Think You're Psychic?: William Briggs 2006-09 Do you think you or somebody you know might have psychic powers? This book lets you test if you or friends have actual psychic or spiritual powers. The tests in the book are all 100% scientific and are the same as those found in genuine parapsychology labs, but each can be done with nothing more than common household items. There are tests for telepathy (ESP), clairvoyance, astrology, telekinesis, astral projection, psychometry, dowsing, and many more. You do not need to know anything about these subjects to do the tests. Every step, from set up to scoring, has been done for you. All you have to do is to have fun! The author has a Ph.D. in statistics from Cornell University, and is currently a professor of statistics at the Cornell Medical School.

So You Think You're Ready?: Demond A. Warren 2012-03-28 My motive for writing this book is to restore the unity of the African-American family. There are values that we have strayed away from. So many African-Americans...
are not getting married because they fear that it will not work out. For those that do get married, fewer and fewer of those marriages are lasting. A great number of people get married with the mindset that if it doesn’t work out they will just get a divorce. By having that mindset they are going into the marriage with an attitude of defeat. As I look around our nation, I see so many families breaking apart, thereby destroying future generations. We do what looks good, feels good, and whatever makes us happy as individuals. We are molding our next generation into self-centered out of control individuals going nowhere fast. The morals and values of our ancestors are almost extinct. The desire of my heart is for us to stop hurting and damaging one another. It’s a catastrophic domino effect that seems like a never ending nightmare! We have to take the time to sit back and realize our selfishness only preps the next person for the same, or preps them to feel there’s no way out of being nice and loving people and getting hurt, being someone’s doormat! I wish to help restore the worth of our men and women; to revive the black community, putting things into proper perspective so that people who get married can STAY married, and for those that aren’t married and are afraid of the marriage failing, to break free of that fear and fulfill their desire to be married. We don’t have to accept a dysfunctional family as the norm! In order to establish and maintain a healthy family, our perspective on life has to be positive, with one main ingredient: love. It is the responsibility of each individual to do what’s necessary to build a strong foundation that will solidify a successful relationship and/or marriage, even while you are still single. It breaks my heart to see so many unhappy people. Whether they are unhappily married or unhappily single, many are miserable and have no clue as to why. In this book I will lay out some things very clearly, step by step, to help you understand why marriages fail, relationships crumble, and fear so gruesomely imprisons us.

I Think You’re Totally Wrong- David Shields 2015-01-06
An impassioned, funny, probing, fiercely inconclusive, nearly-to-the-death debate about life and art—beers included. Caleb Powell always wanted to become an artist, but he overcommitted to become an actor, and he overcommitted to life (he’s a stay-at-home dad to three young girls), whereas his former professor David Shields always wanted to become a human being, but he overcommitted to art (he has five books coming out in the next year and a half). Shields and Powell spend four days together at a cabin in the Cascade Mountains, playing chess, shooting hoops, hiking to lakes and an abandoned mine; they rewatch My Dinner with André and The Trip, relax in a hot tub, and talk about everything they can think of in the name of exploring and debating their central question (life and/or art?): marriage, family, sports, sex, happiness, drugs, death, betrayal—and, of course, writers and writing. The relationship—the balance of power—between Shields and Powell is in constant flux, as two egos try to undermine each other, two personalities overlap and collapse. This book seeks to deconstruct the Q&A format, which has roots as deep as Plato and Socrates and as wide as Laurel and Hardy, Beckett’s Didi and Gogo, and Car Talk’s Magliozzi brothers. I Think You’re Totally Wrong also seeks to confound, as much as possible, the divisions between “reality” and “fiction,” between “life” and “art.” There are no teachers or students here, no interviewers or interviewees, no masters in the universe—only a chasm of uncertainty, in a dialogue that remains dazzlingly provocative and entertaining from start to finish. James Franco’s adaptation of I Think You’re Totally Wrong into a film, with Shields and Powell striving mightily to play themselves and Franco in a supporting role, will be released later this year.

Not only do they offer balanced perspectives from each political ideology, but they teach us how to dialogue well, without sacrificing our humanity.” —Jen Hatmaker, New York Times bestselling author, speaker, and founder of Legacy Collective “Sarah from the left and Beth from the right serve as our guides through conflict and complexity, delivering us into connection. I wish every person living in the United States would read this compelling book, from the youngest voter to those holding the highest office.” —Emily P. Freeman, Wall Street Journal bestselling author of Simply Tuesday and The Next Right Thing More than ever, politics seems driven by conflict and anger. People sitting together in pews every Sunday have started to feel like strangers, loved ones at the dinner table like enemies. Toxic political dialogue, hate-filled rants on social media, and agenda-driven news stories have become the new norm. It’s exhausting, and it’s too much. In I Think You’re Wrong (But I’m Listening), two working moms from opposite ends of the political spectrum contend that there is a better way. They believe that we can choose to respect the dignity of every person, choose to recognize that issues are nuanced and can’t be reduced to political talking points, choose to listen in order to understand, choose gentleness and patience. Sarah from the left and Beth from the right invite those looking for something better than the status quo to pull up a chair and listen to the principles, insights, and practical tools they have learned hosting their fast-growing podcast Pantsuit Politics. As impossible as it might seem, people from opposing political perspectives truly can have calm, grace-filled conversations with one another—by putting relationship before policy and understanding before argument.

So You Think You’re American-Iriowen Thea Ojo 2014-07-22 Ekina was made in America with African parts, but unfortunately this has never made him indestructible. Precocious at ten years old, Ekina knows that physical strength won’t help him fend off his overbearing parents, cruel teachers, and one-sided romance. It won’t help him save his baby sister from their traditionally-misogynist father or protect his little brother from their mother’s expectations either, although it might’ve helped him master an adagio—if he hadn’t quit ballet class. Nigerian boys don’t wear pointe shoes, and anyway, who does he think he is...an American? “So You Think You’re American” is a novel about growing up in that world between foreign and native cultures.

Poignant, funny, and sometimes hopelessly heartbreaking, “So You Think You’re American” will evoke profound emotions, tears or laughter, in even the most stoic of readers.
