**Holy Blood, Holy Grail Illustrated Edition**
Michael Baigent 2009-07-16 NEW YORK TIMES BESTSELLER • SPECIAL ILLUSTRATED EDITION WITH EXCLUSIVE NEW MATERIALS

“Enough to seriously challenge many traditional beliefs, if not alter them.”—Los Angeles Times Book Review Explosive, thought-provoking, fiercely compelling, Holy Blood, Holy Grail breaks bold new ground with its shocking conclusions about the lineage of Christ and the legacy of the Holy Grail. Now this lavishly illustrated collector’s edition features exclusive new material plus dozens of photographs, drawings, symbols, architecture, and artwork, making it a dazzling feast for the eyes as well as the mind. Based on decades of research, filled with eye-opening new evidence and stunning scholarship, this authoritative work uncovers an
alternate history as shocking as it is believable—as it dares to ask: Is the traditional, accepted view of the life of Christ in some way incomplete? • Is it possible Christ did not die on the cross? • Is it possible Jesus was married, a father, and that his bloodline still exists? • Is it possible that parchments found in the South of France a century ago reveal one of the best-kept secrets in Christendom? • Is it possible that these parchments contain the very heart of the mystery of the Holy Grail? According to the authors of this extraordinarily provocative, meticulously researched book, not only are these things possible—they are probably true. So revolutionary, so original, so convincing, the most faithful Christians will be moved; here is the book that has sparked worldwide controversy, now newly updated and beautifully illustrated.

**The Grail Enigma** Laurence Gardner

2009-02-01 Much has been written about the marriage of Jesus and Mary Magdalene, who Jesus was, whether he and Mary had children, and what became of them. The Grail Enigma is the first book that can answer those questions in amazingly accurate detail. Unique to any book on the subject, this contains full genealogical charts that trace the messianic offspring, historically named Tamar, Joshua and Joseph, and their lineage through 600 years through to Arthur Pendragon. Gardner's unrivalled access to Vatican archives reveal Christian manuscripts dating back to the 2nd century that document Mary as the 'bride of Christ' and Jesus's heirs who became very influential within the Roman Empire. In the years following the crucifixion they were hunted down. Four hundred years later, the New Testament gospels of Mathew, Mark and Luke were compiled removing all reference to the messianic marriage and bloodline, but the older gospels still document their legacy. Tracing the messianic line through 600 years since Jesus's crucifixion, Gardner explains how documentation of the messianic line moved into Grail romance literature of King Arthur.
Arthur, and how the mythology of Arthur was therefore aligned with that of Jesus in messianic tradition as both Once and Future Kings. Using new and previously unpublished documentary archives, The Grail Enigma traces the detailed history of the descendants of Jesus and how the main ambition of the Roman Church, was to destroy the most fundamental elements of the original Christian movement.

**The Magdalene Legacy** - Laurence Gardner
2007-03-31 From the best-selling author of The Bloodline of the Holy Grail and Lost Secrets of the Sacred Ark comes an explosive historical detective story presenting secret archives on the mysterious life of Mary Magdalene, the hidden lineage of Jesus and Mary, and the real two-thousand-year-old conspiracy involving the entire history of Christianity. Mary Magdalene is described in the New Testament as Jesus' close companion -- a woman he loved and his financial sponsor. And yet, in contrast, the Church teaches that she was a prostitute who became repentant. Why the discrepancy between scripture and dogma? Why does Mary appeal so romantically to artists who have painted her throughout the centuries as something much more significant than the Church traditionally portrays? What is the secret of Mary Magdalene and how much do we really know about her relationship with Jesus? Were they married? Did they have children, and if so, who makes up the messianic lineage? Laurence Gardner takes us on a detective trail to piece together the true controversial significance of the Magdalene story and its astonishing implications. These include the real da Vinci connection -- the true meaning behind Leonardo da Vinci's paintings and why the Renaissance Church censored portrayals of the Magdalene -- and information on the sacred marriage of Jesus.
and Mary Magdalene. Plus the truth about the enigmatic Templar society called the Priory of Scion and the underground stream that protected the sacred heritage of the messianic descendents. And much more!

**Bloodlines**-Melissa del Bosque 2017-09-12 The riveting and suspenseful account of two young FBI agents in a pursuit of a drug cartel's most fearsome leader, Miguel Treviño Drugs, money, cartels: this is what FBI rookie Scott Lawson expected when he was sent to the border town of Laredo, but instead he’s deskbound writing intelligence reports about the drug war. Then, one day, Lawson is asked to check out an anonymous tip: a horse was sold at an Oklahoma auction house for a record-topping price, and the buyer was Miguel Treviño, one of the leaders of the Zetas, Mexico's most brutal drug cartel. The
source suggested that Treviño was laundering money through American quarter horse racing. If this was true, it offered a rookie like Lawson the perfect opportunity to infiltrate the cartel.

Lawson teams up with a more experienced agent, Alma Perez, and, taking on impossible odds, sets out to take down one of the world’s most fearsome drug lords. In Bloodlines, Emmy and National Magazine Award-winning journalist Melissa del Bosque follows Lawson and Perez's harrowing attempt to dismantle a cartel leader’s American racing dynasty built on extortion and blood money. With extensive access to investigative evidence and in-depth interviews with key players, del Bosque turns more than three years of research and her decades of reporting on Mexico and the border into a gripping narrative about greed and corruption. Bloodlines offers us an unprecedented look at the inner workings of the Zetas and US federal agencies, and opens a new vista onto the changing nature of the drug war and its global expansion.

The Origin of God-Laurence Gardner 2010

Belief in the One male God of Judaism, Christianity and Islam can be traced back for something over 2,500 years to the time when the Hebrew scripture of Genesis was compiled in the 6th century BC. The narrative content of Genesis was clearly derived from older traditions but, on the face of it, we have no documentary evidence from any other source of a monotheistic culture in respect of this particular God from before that date. In The Origin of God, written but not published before his untimely death in August 2010, Laurence Gardner, author of the international bestsellers Bloodline of the Holy Grail, Genesis of the Grail Kings and Lost Secrets of the Sacred Ark, undertakes a biographical exploration of the deiform character variously known as Yahweh, Allah, or simply The Lord. He seeks to uncover and evaluate His original identity, as against His eventual religiously motivated portrayals. Beginning with documents that pre-date the Bible, Laurence Gardner's final quest was to discover from all available sources
what evidence there is, if any, to support the long-standing and widespread notion of God's existence, posing the question: If the Bible had never been written, would we know about God from any more original source?
