**Modernization and the Working Class**-Carlos H. Waisman 2015-01-30 This is a fascinating inquiry into the factors that determine the acceptance or rejection of capitalism by the industrial working class. Combining classical social theory, historical evidence, and survey data, Waisman explores the relationship between the degree of modernization and the legitimacy of the capitalist social order. Propositions about the interaction between established elites and emerging working classes are illustrated with three typical cases: Danish Britain, Bismarckian Germany, and Peronist Argentina. From the contrasting theories of Marx and Bakunin, the author derives hypotheses concerning the position of the working class in the economy and the consequences this has for legitimacy. He finds that countries at middle levels of industrial development—mostly latecomers to industrialization in Southern Europe and advanced areas of Latin America—have the greatest difficulty in establishing capitalism as a legitimate social order. They are advanced enough to have a large working class, yet underdeveloped enough to have a dissatisfied one.

**After Auschwitz**-Enrico Heitzer 2021-01-01 From the moment of its inception, the East German state sought to cast itself as a clean break from the horrors of National Socialism. Nonetheless, the precipitous rise of xenophobic, far-right parties across the present-day German East is only the latest evidence that the GDR's legacy cannot be understood in isolation from the Nazi era nor the political upheavals of today. This provocative collection reflects on the heretofore ignored or repressed aspects of German mainstream society—including right-wing extremism, anti-Semitism and racism—to call for an ambitious renewal of historical research and political education to place East Germany in its proper historical context.

Suddenly the Minotaur-Marie Hélène Poitras 2006 Why did Guatemalan immigrant Mino Torrès try to rape Quebec student Ariane? What was the failed attemptis aftermath? In this terse, prize-winning novel, Marie Hélène Poitras, with an imagination tutored by the Minotaur myth, offers a controversial tale about a thug who exults in his ferocious urges and is as incorrigible as a primal force. Torrès (the bull) enthusiastically and unapologetically seeks hectic transcendence through rape and recurring fits of epilepsy. Ariane (Ariadne), straying into his twisted, downtown Montreal labyrinth, suffers the consequences of his random sexual predation, though significantly, her refusal to be a terrorized and passive victim haunts him. Ariane's deliverance from his maze, her conquest of persistent fears, is prolonged past her assailant's capture. Once more she must learn to live and love in particular, menêto pick up and follow the thread of human trust, to feel sure again about her flatês dark places and her walk-in cupboards contents. On the site of the Berlin Wall, in a reunited Germany that has survived its own and other regimes' violent perversions, she permits herself to be gently hoisted up and passed from palm-to-palm over a vast and joyêfilled crowd. She permits herself to be gently hoisted up and passed from palm-to-palm over a vast and joyêfilled crowd.

Becoming Places-Kim Dovey 2009-07-09 About the practices and politics of place and identity formation - the slippery ways in which we who become wrapped up with where we are - this book exposes the relations of place to power. It links everyday aspects of place experience to the social theories of Deleuze and Bourdieu in a very readable manner. This is a book that takes the social critique of built form another step through detailed fieldwork and analysis in particular case studies. Through a broad range of case studies from nationalist monuments and new urbanist suburbs to urban laneways and avant garde interiors, questions are explored such as: What is neighborhood character? How do squatter settlements work and does it matter what they look like? Can architecture liberate? How do monuments and public spaces shape or stabilize national identity?

The Little Sparks in Me-H. Bata Aghor-Bayee 2006-12-01 The Little Sparks is a random anthology of reflective ideas, concerns and questions; optimistic and not-so-hopeful, irritations and excitements, courageous and helpless that I have wrestled with over the years. Thoughts that have continued to shape my worldview and my being hence you may take this for my personal periodical. My African heritage is a recurrent theme that cuts across most of what I have to express. I have also been personally hounded down by a plethora of complicated questions such as: my mortality and what it means to be breathing and what it really means to be a human being. Also, as a first generation voluntary immigrant in the US, I often wonder what my place is in my new home and the new world. I have spent some time also reflecting about love and parting. Finally, as I get much older, my faith too is fast becoming rooted - an old friend assured me just the other day that Bate you are just getting older and you are afraid to die. I see unity in all these things consequently I have managed to bring them together in this tome. Although some of the subjects may seem more familiar than others, I write from a distinct perspective, I hope that this will help to break the ice. It does not deal with everything but it deals with most of what pervades the critical issues facing an immigrant, professional, black, spiritual, loving and caring, and conscious global citizen. It took me a little while to come up with this assortment therefore it may be helpful for you to read them sparingly as well. Quite frankly, they are not arranged in any particular order of subject or reasoning. I suggest that you make use of the table of content for your predilection.

Glenn is a lively, creative storyteller—and funny!”—Jennifer Nice, San Francisco, California, Publisher, Editor and Award-Winning Author “After reading the first three pages of Shauna Glenn's new book, Heaping Spoonful, I sent her a text message telling her I wanted to marry her writing. Glenn is a literary artist. She has an extraordinary way of taking you from the past to the present to develop her characters. From the opening scene, Glenn uses her magic to pull you into the complicated mind of the book's main character as she deals with the death of her husband. Heaping Spoonful is a real page turner that will no doubt be the first of many successful novels by this new talent.” Hal Brown, Publisher, Fort Worth Texas magazine
