Hidden Anxieties Male Sexuality 1900 1950

This is likewise one of the factors by obtaining the documents of this hidden anxieties male sexuality 1900 1950 by online. You might not require more period to spend to go to the book inauguration as skillfully as search for them. Some cases, you likewise accomplish not discover the declaration hidden anxieties male sexuality 1900 1950 that you are looking for. It will agreed squander the time.

However below, with you visit this web page, it will be consequently completely simple to get as capably as download lead hidden anxieties male sexuality 1900 1950 It will not to agree to many more as we accustom before. You can attain it while put something else at home and even in your workplace. thus easy! So, are you question? Just exercise just what we allow as below accomplish as reviewer hidden anxieties male sexuality 1900 1950

Hidden Anxieties—Lesley A. Hall 1991-09-02 Male sexuality is often seen as simple and monolithic, the 'normal' male appears unchanged and unproblematic. In this major new study, Lesley Hall examines the historical figures of the sexually 'normal' male and addresses the assumptions inherent in this concept. Common male difficulties are concealed by assumptions that desire is crude, insatiant, spontaneous and unproblematic, and are therefore ignored. In this new edition, Anxieties about Men, this book examines the letters of thousands of men who wrote to Marie Stopes, author of Married Love, seeking help for problems that were otherwise unmentionable. Hall clarifies the concept of the 'normal' male and highlights the considerable diversity of male sexual experiences in the Victorian era and the end of World War II. While examining these evolving ideas, Hall shows how men, as well as women, were the victims of a repressive climate in relation to their sexuality.

The secret vice—Diane Mason 2014-07-19 The secret vice: Masturbation in fiction and medical culture provides a unique consideration of writings on self-abuse in the long nineteenth century. The book examines the discourse on masturbation in medical works by English, Continental and American practitioners and demonstrates the influence and impact of these writings, not only on Victorian pornography but also in the creation of fictional characters by canonical authors such as Brontë Sister, J. L. Lezond, Charles Dickens and Oscar Wilde. The book also offers a clear and concise account of the different approaches to the discourse on masturbation in medical works that concern to women in clinical and popular medical works aimed at the female reader. Mason concludes with a consideration of the way the distinctly Victorian discourse on masturbation has persisted into late-twentieth and twenty-first centuries with particular reference to Willy Russell's tragic-comic novel, The Wryng Boy (2000) and to the construction of 'Victrian Dad', a character featured in the adult comic, Vic.

Men and Masculinities—Michael S. Kimmel 2003-01-01 Alphabetically arranged original essays explore such topics as historical movements, race, masculinity, and aging.

Men, Masculinities and Religious Change in Twentieth-Century Britain—L. Delap 2013-09-05 Charting the contentious debate between modernist and postmodernist approaches to the study of religion in the twentieth century, this book details the critical contribution of masculinity theory to our understanding of the relationship between religious change and male identity. The book explores how changes in the social and cultural construction of masculinity have contributed to the development and decline of religious movements and institutions in the late nineteenth and early twentieth centuries. With a new and extended bibliography, introduction and illustrations, this second edition brings a classic to the 21st Century.

Family Men—Laura King 2020-01-16 Fathers are often neglected in histories of family life in Britain. Family Men provides the first academic study of fathers and families in the period from the First World War to the end of the 1950s. It takes a thematic approach, examining different aspects of fatherhood, from the duties it encompassed to the ways in which it related to men's identities. The historical approach is socio-cultural: each chapter examines a web of historical, theoretical and historical sources, in order to analyse both cultural representations of fatherhood and related social norms, as well as exploring the practices and experiences of individuals and families. It uncovers the debates surrounding parenting and family life and tells the stories of men and their children. While many historians have examined men's relationships in the context of gender, class, ethnicity and culture, and class, this book engages with men's sexual and reproductive experiences of fatherhood, supporting that although the roles and responsibilities fulfilled by men did not shift rapidly, their relationships, position in the family, and identities underwent significant change between the start of the First World War and the 1960s.

Sex, Politics and Society—2014-02-22 a pioneering study which has become an established classic in its field, Sex, Politics and Society provides approachable and engaging accounts of sex, gender and society from 1700 to 1800 to the present day. These changes are firmly located in the wider context of social change, from industrialization and the experience of Empire through the establishment of the welfare state to the rise of the Women's Movement. This second edition, which has been thoroughly updated to include new discussions of eugenics, race hygiene and social imperialism in the late 19th and early 20th centuries, and updates the medical and legal treatment of female sexuality, addresses the key debates and social movements, such as feminism and gay liberation, and new forms of social conservatism. Now fully revised and updated, and with a new chapter bringing the story right up to date, this new edition considers: the political economy of the sexual working classes in the 19th century, and the complex changes that occurred in the 20th century, including the sexual revolution of the 1960s and baptism of the 1970s, the role of sexuality in the current period, and how it is related to political and social change.

Sociology of Sex and Sexuality—Hawkes, Gail 1996-03-01 A Sociology of Sex and Sexuality offers an historical account of ideas about sexuality and sexual desire, combining both primary and secondary historical sources and theoretical material with original research and popular imagery in the contemporary context.

Sex Exposed—Lyne Sagal 1993 Essay by well-known feminists explore the issues of feminism and censorship, anti-pornography feminism, and the tendency of recent feminist debates about sexuality to focus on questions pertaining to pornography

What is Sexual History?—Jeffery Weeks 2016-06-07 Until the 1970s the history of sexuality was a marginalized practice. Today it is flourishing food, increasingly integrated into the mainstream and producing innovative insights into the ways in which societies shape and are shaped by sexual values, norms, identities and desires. In this new edition, the author, one of the foremost historians of sexuality, provides a comprehensive narrative of how sexual history has developed, and its implications for our understanding of the ways we live today. The emergence of a new wave of feminist and lesbian and gay activism in the 1970s transformed the subject, heavily influenced by new trends in social and cultural history, radical sociological insights and the impact of Michel Foucault's work. The result was an increasing emphasis on the historical shaping of sexuality, and on the existence of many different sexual meanings and cultures on a global scale. With chapters on, amongst others, lesbian, gay and queer history, feminist sexual history, the mainstreaming of sexual history, and the globalization of sexual history. What is Sexual History? is an indispensable guide to these developments.

Common Prostitutes and Ordinary Citizens—. Late 2011-12-02 Between 1885 and 1960, laws and policies designed to repress prostitution dramatically shaped London's commercial sex industry. This book examines how laws translated into street-level reality, exploring how women who sold sex experienced criminalization, and charts the complex dimensions of the underground sexual economy in the modern metropolis.

Child Sexual Abuse in Victorian England—Louise A. Jackson 2013-01-11 Child Sexual Abuse in Victorian England is the first detailed investigation of the way that child abuse was discovered, debated, diagnosed and dealt with in the Victorian and Edwardian periods. The focus is placed on the child and his or her agency, considering the impact of legislation and social policy on the lives of some of the most vulnerable children. This book is the first to examine the way in which notions of childhood, sex, and sexuality were used to construct definitions of sexual abuse, and how these definitions were then translated into the legal definition of sexual abuse. Providing a much-needed insight into Victorian attitudes, including that of the Christian morality, this book makes a distinctive contribution to the history of crime, social welfare and the family. It provides a valuable critique of the legal and social policies that underpin the debate on child abuse, and institutions, arguing that the inter-personal relationships of children and carers is a crucial area of study.

Sex, Politics and Society: the History of Sexualities, 1700-1990—Roy Porter 1994-09 This volume is about those who have investigated sex from the antiquity to the present day. It examines the lives of these men and their popular representation in literary and cinematic texts. It illuminates broader issues of gender, class, race, emotional life, and the creation of a national myth in modern Britain.

The Long Sexual Revolution—Hera Cook 2004-02-05 In this Hera Cook traces the path of sexuality in England, and shows how its route was determined by the gradual overthrow of control over fertility. Most sexual activity had major economic and social costs, the most fundamental of which was the physical cost of children upon women's bodies. Around 1800 birth rates reached historical heights. Using a combination of demographic and social history, this incisive book explores the changes in sexual behavior and attitudes from the end of the 18th century to the present day, examining how repressed and increasing repression of sexuality throughout the nineteenth century. Censureship became a viable option in the early twentieth century. The book charts the resulting slow relaxation of attitudes to sexuality and the remaining of heterosexual physical behaviour, culminating in the sexual revolutions of the 1960s.

Frend, Race, and Gender—Sander L. Gilman 2021-01-12 A Jew in a violently anti-Semitic world, Sigmund Freud

Frend's internalizing of these images of racial difference shaped the questions of psychoanalysis. Examining a variety of scientific writings, Gilman discusses the prevailing belief that male Jews were "feminized," as stated outright by Jung and others, and concludes that Freud dealt with his anxiety about himself as a Jew by projecting it onto Jewish "inferiors," schooled in the prejudices of his contemporaries. Freud's ordos by psychoanalysis challenges those who separate Freud's revolutionary theories from his Jewish identity.

Sexual Knowledge—Steven Science-Former Professor of the Social History of Medicine Wellcome Trust Centre for the History of Medicine Bay Porter 1904-09-04 This volume is about those who have investigated sex from antiquity to the present day.
assesses the wider impact of the publication of sexual knowledge and especially of sex advice literature, and helps to explain the origins of current thinking and offer steer for future developments.

**Straight Sex, Lynne Segal** 1997-04-28 New Sexual Agendas tackles the urgent practical and theoretical issues such as the correlations between masculinity and Protestantism; masculinity, Englishness and taciturnity; and citizenship and the state.

**Constructing Masculinity** Maurice Baron 2012-09-17 This anthology takes us beyond the status of masculinity itself, questioning society's and the media's normative concepts of the masculine, and considering the extent to which men and women can transcode these stereotypes and types.

**Reconstructing the Body** Ana Carden-Coyne 2009-08-20 The First World War misplaced faces, blew away limbs, and ruined nerves. Ten million dead, twenty million severe casualties, and eight million people with permanent disabilities-modern war inflicted pain and suffering with unappraising, mechanical efficiency. However, such horror was not the entire story: People also rebuilt their lives, their communities, and their bodies. From the ashes of war rose beauty, eroticaism, and the promise of utopia. Bodies were not to remain locked away as tortured memories. An extensive guide to further reading is also provided. Designed for students, academics and the general reader alike, this collection of essays provides a wide-ranging and accessible foundation to which understandings of masculinity can be added. The work of the publisher and its contributors is such that evidence-based interventions can be designed to change policy and practice. The handbook is split into four sections: 'Scourge' in times of peace and war and how far policy was informed by anxieties surrounding social change and the impact of changing representations of homosexual desire on the social organisation of heterosexuality.

**Dangerous Liaisons** Roger Boesiger 2000-01-01 This book explores the role of Venereal Disease in shaping perceptions of sexuality in twentieth-century Scotland. It aims to explain what the meaning for society of those behaviors and beliefs, and their impact on contemporary society. The book opens with a substantial introduction by the Editors. This book offers a wide-ranging and accessible framework to which understandings of masculinity can be added. Four main parts looking at social history, cultural and sexual freedom, as well as the role of masculinity in the modern world, are presented in this book. The book provides a vital platform for further research and discussion, and is an essential reference tool for professionals working in the field including police officers, probation staff, lawyers and judges.

**Handbook on Sexual Violence** Jennifer M. Brown 2011-10-19 This handbook contextualizes the complexity of sexual violence within its broader context, from war to the resolution of interpersonal disputes - and covers a wide span including sexual harassment, bullying, rape and murder as well as domestic violence. Written by leading academics from a variety of disciplines, contributions also include commentators that relate the research to the work of practitioners. Despite advances made in the investigation of sexual offences, evidence still points to a continued belief in the culpability of victims in their own victimization and a gap between the estimated incidence of sexual violence and the conviction of perpetrators. Accepting an implicitly and explicitly critical stance to contemporary policy responses that continue to fail in addressing this problem, this book focuses on attitudes and behaviour towards sexual violence from the point of view of the individual experiencing the violence - perpetrator and victim - and situates them within a broader social frame. It is through an understanding of social processes and psychological mechanisms that underpin sexual violence that violence can be combated and harm reduced, and at this individual level that evidence-based interventions can be designed to change policy and practice. The Handbook is split into four sections: 'Scourge' setting the Scene offers a critical overview of historical, legal and cultural processes which help to explain the origins of current thinking and offer steer for future developments. 'Theories and Concepts' examines contemporary thinking on sexual violence and reviews explanatory frameworks from a number of perspectives. 'Acts of Sexual Violence' reviews a number of specific types of sexual violence, elaborating the range of circumstances, victims and perpetrators with a view to addressing the general and pervasive nature of such violence by contrasting narrow cultural stereotyping 'Responding to Sexual Violence' overview and evaluates current policies and practices and offers new ideas to develop different types of interventions. The editors' conclusion not only draws out the key themes and ideas from contributions to the Handbook, but also considers the nature of and the extent to which any progress has been made in understanding and responding to sexual violence. This will be a key text for students and academics studying sexual violence and an essential reference tool for professionals working in the field including police officers, probation staff, lawyers and judges.

**Women in Twenty-First-Century Britain** Ina Zwingener-Barkerlöw 2014-07-30 Women's lives have changed dramatically over the course of the twentieth century: reduced fertility and the formalization of sexualities is a foremost example of such changes, and the publications of the Handbook are just some. At the same time, women are under-represented in many areas, are paid significantly less than men, continue to experience domestic violence and to bear the larger part of the burden in the domestic division of labour. Women in 2000 may have many more choices and opportunities than they had a hundred years ago, but genuine equality between men and women remains a long way off. This unique, illustrated history of women's lives looks across a wide range of topics organized into four parts: the life course - the experience of girlhood, marriage and the ageing process; the nature of women's work, both paid and unpaid; consumption, culture and transgression; and citizenship and the state.

**Sex Before the Sexual Revolution** Simon Fursey 2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s, who were often pitted by later generations as repressed, unfulfilled and full of moral anxiety? This book provides the first, frank-and-account of sexuality in marriage in the early and mid-twentieth century. These award-winning authors look beyond conventions of silence among the heterosexual population, this book focuses on attitudes and behaviour towards sexual violence from the point of view of the individual experiencing the violence - perpetrator and victim - situates them within a broader social frame. It is through an understanding of social processes and psychological mechanisms that underpin sexual violence that violence can be combated and harm reduced, and at this individual level that evidence-based interventions can be designed to change policy and practice. The editors' conclusion not only draws out the key themes and ideas from contributions to the Handbook, but also considers the nature of and the extent to which any progress has been made in understanding and responding to sexual violence. This will be a key text for students and academics studying sexual violence and an essential reference tool for professionals working in the field including police officers, probation staff, lawyers and judges.

**English Masculinities, 1660-1800** Tim Hitchcock 2014-07-30 This collection of specially commissioned essays provides a first social history of masculinity in the 'long eighteenth century'. Drawing on diaries, court records and proscription literature, it explores the different identities of late Stuart and Georgian men. The heterosexual and the homosexual, the bachelor and the man of letters, the reader of novels and the violent aggressor are each examined here, and in this process a new and increasingly important field of historical enquiry is opened up to the non-specialist reader. This book provides a wide-ranging and accessible framework to which understandings of masculinity can be added. Four main parts looking at social history, cultural and sexual freedom, as well as the role of masculinity in the modern world, are presented in this book. The book provides a vital platform for further research and discussion, and is an essential reference tool for professionals working in the field including police officers, probation staff, lawyers and judges.

**Sex, Culture and Modernity in China** Frank Dikötter 1995-05-01 With the disintegration of Confucian cosmology after the fall of the imperial system in China, medical science was introduced as an epistemological foundation for social order, the construction of sexuality as a dangerous drive which was thought to form the basis - the experience of girlhood, marriage and the ageing process; the nature of women's work, both paid and unpaid; consumption, culture and transgression; and citizenship and the state.

**Constructing Masculinity** Maurice Baron 2012-09-17 This anthology takes us beyond the status of masculinity itself, questioning society's and the media's normative concepts of the masculine, and considering the extent to which men and women can transcode these stereotypes and types.

**Reconstructing the Body** Ana Carden-Coyne 2009-08-20 The First World War misplaced faces, blew away limbs, and ruined nerves. Ten million dead, twenty million severe casualties, and eight million people with permanent disabilities-modern war inflicted pain and suffering with unappraising, mechanical efficiency. However, such horror was not the entire story: People also rebuilt their lives, their communities, and their bodies. From the ashes of war rose beauty, eroticaism, and the promise of utopia. Bodies were not to remain locked away as tortured memories. Instead, they became the subjects of overtaken debate, the objects of rehabilitation, and commodities of desire in global industries. Governments, physicians, beauty and body therapists, monument designers and visual artists rose beauty, eroticism, and the promise of utopia. Bodies were not to remain locked away as tortured memories. Instead, they became the subjects of overtaken debate, the objects of rehabilitation, and commodities of desire in global industries. Governments, physicians, beauty and body therapists, monument designers and visual artists.
