A People's Guide to the San Francisco Bay Area—Rachel Brahinsky
2020-10-06
An alternative history and geography of the Bay Area that highlights sites of oppression, resistance, and transformation. A People's Guide to the San Francisco Bay Area looks beyond the mythologized image of San Francisco to the places where collective struggle has built the region. Countering romanticized commercial narratives about the Bay Area, geographers Rachel Brahinsky and Alexander Tarr highlight the cultural and economic landscape of indigenous resistance to colonial rule, radical interracial and cross-class organizing against housing discrimination and police violence, young people demanding economically and ecologically sustainable futures, and the often-unrecognized labor of farmworkers and everyday people. The book asks who had—and who has—the power to shape the geography of one of the most watched regions in the world. As Silicon Valley's wealth dramatically transforms the look and feel of every corner of the region, like bankers' wealth did in the past, what do we need to remember about the people and places that have made the Bay Area, with its rich political legacies? With over 100 sites that you can visit and learn from, this book demonstrates critical ways of reading the landscape itself for clues to these histories. A useful companion for travelers, educators, or longtime residents, this guide links multicultural streets and lush hills to suburban cul-de-sacs and wetlands, stretching from the North Bay to the South Bay, from the East Bay to San Francisco. Original maps help guide readers, and thematic tours offer starting points for creating your own routes through the region.

Weather of the San Francisco Bay Region—Harold Gilliam 1962
An introduction to the many factors which contribute to the unique weather of the San Francisco Bay region.

Geology of the San Francisco Bay Region—Doris Sloan 2006
"You can't really know the place where you live until you know the shapes and origins of the land around you. To feel truly at home in the Bay Area, read Doris Sloan's intriguing stories of this region's spectacular, quirky landscapes."--Hal Gilliam, author of Weather of the San Francisco Bay Region "This is a fascinating look at some of the world's most complex and engaging geology. I highly recommend this book to anyone interested in an understanding of the beautiful landscape and dynamic geology of the Bay Area."--Mel Erskine, geological consultant "This accessible summary of San Francisco Bay Area geology is particularly timely. We are living in an age where we must deal with our impact on our environment and the impact of the environment on us. Earthquake hazards, and to a lesser extent landslide hazards, are well known, but the public also needs to be aware of other important
engineering and environmental impacts and geologic resources. This book will allow Bay Area residents to make more intelligent decisions about the geological issues affecting their lives."--John Wakabayashi, geological consultant

Moon 101 Great Hikes San Francisco Bay Area-Ann Marie Brown 2018-06-05 Your Adventure Starts Here with Moon Travel Guides! Are you at home in the golden hills of Berkeley, or the lush redwood forests of Marin? Explore the paradise just outside your door with Moon 101 Great Hikes of the San Francisco Bay Area. Check out Moon Northern California Camping or Moon California Camping.

Introduction to Trees of the San Francisco Bay Region-Glenn Keator 2002 This is an introduction to the native and naturalized trees of the Bay Area, which for this book extends roughly from Mendocino to Monterey and inland to Mt. Diablo.

An Architectural Guidebook to San Francisco and the Bay Area-Susan Dinkelspiel Cerny 2007 A definitive guide provides information on the history and architecture of the nine San Francisco Bay Area counties, providing a historical record of how the area developed to become what it is today. Original.

Bay Area Style-David Weingarten 2004 Full-color and black-and-white photographs showcase a rich variety of homes from the San Francisco Bay area, capturing the region's unique stylistic influences and emphasis on a feeling of informality and a distinctive relationship to the out-of-doors. 10,000 first printing.

Plants of the San Francisco Bay Region-Linda H. Beidleman 2003 "Plants of the San Francisco Bay Region is a user-friendly guide with excellent photographs that fills an important need in the botanical community locally. A good guide for students and beginning nature lovers, though even sophisticated plant enthusiasts will consult it for its easy style and useful photos."--Frank Almeda, California Academy of Sciences

Laotians in the San Francisco Bay Area-Jonathan H. X. Lee 2012 Throughout the 19th and up to the mid-20th centuries, immigrants from China, Japan, Korea, India, and the Philippines came to America through San Francisco. The end of the decades-long Vietnam War changed the modern Asian American demographics of the city, this time with refugees coming from Vietnam, Cambodia, and Laos. The San Francisco Bay Area remains a hub for Laotian American culture, history, and community resources, and it has been a center for Laotian American advancement since the early 1980s. After calling the United States home for more than 30 years and battling the scars of war, a new Laotian American society is seeking meaning from its past while moving forward with hopes of a better
future as Americans.

**Hiking the San Francisco Bay Area**-Linda Hamilton 2018-06-01 Lace up your boots and sample forty of the finest trails the San Francisco Bay Area has to offer. This guide covers every corner of this beautiful and diverse region, leading you to roaring waterfalls and wind-whipped mountaintops, verdant forests and wildflower-covered meadows. See majestic redwoods in the nature lover's cathedral in Muir woods, watch for whales along Lighthouse Trail at Point Reyes National Seashore, or wander through military history in The Presidio. Veteran hiker and Bay Area native Linda Hamilton will introduce you to these trails and many more.

Beyond detailed trail descriptions, Best Hikes with Kids: San Francisco Bay Area features: * Info on junior ranger/kid recognition programs * Guidebook section on environmental awareness for kids * Trail safety and how to easily identify poison oak and poison hemlock * Stroller-friendly and dog-friendly hikes * Trails near campgrounds, playgrounds, or quality picnic areas * Best hikes accessible via Bay Area public transit * Best hikes with nearby farms or nature museums —

**Photographer's America**-R. F. Paulus 2021-01-25 The San Francisco Bay Area is in perpetual transformation. From the ancient Gold Rush to the recent Tech Boom, the city is always reinventing itself, and leaving behind artifacts of transitions with their own hidden beauty, spread across the urban landscape. Despite its prominent status in American culture, the region's most unique and captivating locations are often ignored by residents and tourists alike. French-born photographer and California resident, Romain Paulus, shows us different sides of this urban environment that is closed to visitors, through a collection of rare pictures collected over the past five years. Looking at these off-limits places and viewpoints helps us understand this world-class U.S. region at a deeper level. Abandoned buildings and old military installations take us back in time in a city that few people remember. Further, active infrastructure such as iconic bridges, tunnels, and factories, show us what it takes to keep this region running today. And finally, unique viewpoints in the city's ever-evolving skyline give us a glimpse of the future for the life of the region and its people.

**Signature Architects of the San Francisco Bay Area**-Dave Weinstein 2006 A long time Bay Area writer and journalist explores residential San Francisco architecture and fifteen of the lesser-known architects who designed the homes, including a summary of each architects' birth and death dates, style, active projects, famous projects, and a list of houses to visit. h formality without stuffiness. Faudree is a designer wit iture. Plus, learn how to discover additional storage nooks around the house. Ideal for anyone looking to reorganize, this book includes ways to contain hobbies, collections, tools, office materials, media, and more; and great ideas for using outbuildings and sheds for additional storage. 'Home Storage' is an essential resource. ovided by the nation's top designers and architects; construction blueprints available for every home; and planning and design advice, and tips throughout. lanning on building a shed or having one installed on a property. A complete guide to the types of sheds available, it offers tips for adding storage systems and other accessories, and building information that is geared to both the novice do-it-yourselfer and ith maps, photographs, illustrations, and at the out

**The San Francisco Bay Area**-Mel Scott 1985-01-01

**San Francisco Bay Area Sports**-Rita Liberti 2017-03-15 San Francisco Bay Area Sports brings together fifteen essays covering the issues, controversies, and personalities that have emerged as northern Californians...
recreated and competed over the last 150 years. The area’s diversity, anti-
establishment leanings, and unique and beautiful natural surroundings are
explored in the context of a dynamic sporting past that includes events
broadcast to millions or activities engaged in by just a few. Professional and
college events are covered along with lesser-known entities such as
Oakland’s public parks, tennis player and Bay Area native Rosie Casals,
environmentalism and hiking in Marin County, and the origins of the Gay
Games. Taken as a whole, this book clarifies how sport is connected to
identities based on sexuality, gender, race, and ethnicity. Just as crucial, the
stories here illuminate how sport and recreation can potentially create
transgressive spaces, particularity in a place known for its nonconformity.

**Rock Climbing the San Francisco Bay Area** - Tresa Black 2014-10-07

Rock Climbing the San Francisco Bay Area offers options for multiple
ascents in more than 20 areas around the San Francisco Bay. In addition to
the nuts and bolts of routes and ratings, information on coffee shops, and
brewpubs, and other amenities in each area is included, along with notes on
where rock climbers can take their four-footed climbing partners.
Photographs, topos, and maps accompany the text.

**Afoot and Afield: San Francisco Bay Area** - David Weintraub 2004-09-29

This title in the acclaimed Afoot & Afield series contains more than 100
carefully described trips in the nine-county region. Included are all the well-
known favorites: Mt. Tamalpais, Point Reyes National Seashore, Henry W.
Coe and Mt. Diablo state parks, and Rancho San Antonio Open Space
Preserve. The book also features more remote parks and preserves, from
the rugged Sonoma coast to hidden canyons south of San Jose, as well as
regional open spaces and country parks from the East Bay hills to the Santa
Cruz Mountains.

**San Francisco Bay Area Aviation** - William T. Larkins 2007

From hot-air balloons to jets, no other location has a more diverse aviation history than
the San Francisco Bay Area. Aside from private and commercial airline operations, the area has housed the NACA/NASA Research Center, the
prestigious Boeing School of Aeronautics, and the dirigible USS Macon. It is
currently the center for antique aircraft in Northern California and has been the
site of numerous flight records, including the Dole Race and Amelia
Earhart’s circumnavigation attempts. San Francisco was also home to the
pioneer Pan American Airways flying boat, which opened the Pacific Ocean
to air travel.

**Legions of Boom** - Oliver Wang 2015-03-23

Armed with speakers, turntables, light systems, and records, Filipino American mobile DJ crews,
such as Ultimate Creations, Spintronix, and Images, Inc., rocked dance
floors throughout the San Francisco Bay Area from the late 1970s through
the mid-1990s. In Legions of Boom noted music and pop culture writer and
scholar Oliver Wang chronicles this remarkable scene that eventually
became the cradle for turntablism. These crews, which were instrumental in helping to create and unify the Bay Area's Filipino American community,
gave young men opportunities to assert their masculinity and gain social
status. While crews regularly spun records for school dances, weddings,
birthdays, or garage parties, the scene's centerpieces were showcases—or
multi-crew performances—which drew crowds of hundreds, or even
thousands. By the mid-1990s the scene was in decline, as single DJs became
popular, recruitment to crews fell off, and aspiring scratch DJs branched off
into their own scene. As the training ground for a generation of DJs,
including DJ Q-Bert, Shortkut, and Mix Master Mike, the mobile scene left
an indelible mark on its community that eventually grew to have a global
impact.

**Folded Map San Fran Bay CA Regional** - Rand McNally 2013-04-01

**Rock and Roll Explorer Guide to San Francisco and the Bay Area** - Mike Katz 2021-05-14

San Francisco’s rich and unique cultural history since
its time as a gold rush frontier town has long made it a bastion of forward
thinking and freedom of expression. It makes perfect sense, then, that both
it and the surrounding Bay Area should prove to be a crucible for some of
the most enduring and influential music of the rock and roll era. From the
Heady days of Haight-Ashbury in the ‘60s to today, San Francisco and the Bay Area have provided a distinctive soundtrack to the American experience that has often been confrontational, controversial, enlightening, and always entertaining. Perhaps best known for the ‘60s psychedelic scene which included the Grateful Dead, Jefferson Airplane, Creedence Clearwater Revival, Santana, the Steve Miller Band, Sly & the Family Stone, and Janis Joplin, the Bay Area’s rock and roll history twists and turns like Lombard Street itself. The first wave San Francisco punks wrought the Avengers and Dead Kennedys; punk later gripped the East Bay, giving us Green Day and Rancid. From the folk and blues eras through the chart-topping sounds of Journey and Huey Lewis & the News. The rock equivalent of Manifest Destiny carried wave upon wave of young musicians in search of fame, fortune and the great lost chord to Golden Gate City. San Francisco and the surrounding Bay Area have collectively produced countless key figures in rock and roll, from musicians to journalists to entrepreneurs. The modern concept of the vast outdoor rock festival took root in and around San Francisco. The Bay Area is also where music history happened to artists from almost everywhere else: San Francisco is where the Beatles played their final concert and the Sex Pistols fell apart; where the Clash recorded much of their second album; where a drug-addled Keith Moon passed out during a concert by the Who only to be replaced behind the drum kit by an eager fan. Rock and roll is baked into the Bay Area’s culture and story to this day. A guide to the places that shaped the local scene and world-famous sound, the Rock and Roll Explorer Guide to San Francisco and the Bay Area will take you to where music makers lived, rocked, performed, recorded, met, broke up, and much, much more.

**Ghost Hunter’s Guide to the San Francisco Bay Area**
Jeff Dwyer
2011-10-17 This new edition of the ultimate guide to finding ghosts in the Bay Area highlights more than 100 haunted spots in and around San Francisco, all accessible to the public. Featured sights include the Queen Anne Hotel, one of the most haunted buildings in the area; the Atherton House; Cameron House in Chinatown; and of course, Alcatraz Prison. With advice on what to do with a ghost, what to do after the ghost hunt, and other telekinetic tidbits, this guide encourages travelers to be attentive and imaginative, willing them to take that extra spirit-sighting step.

**A Time of Little Choice**
Randall Milliken 1995

**Cruising Guide to San Francisco Bay**
Bob Meahaffy 2016-01-10 Cruising sailors around the world know that San Francisco Bay is an excellent cruising area, but few know of the multitude of destinations available here. Within a few hours' sail of each other are the generally cool City Front and the often sunny Alameda Island, busy Sausalito and sleepy Petaluma, accessible South Beach Harbor and remote China Camp. In this updated version of the Cruising Guide to San Francisco Bay, sailors can learn the locations of all the open anchorages and marinas in and around San Francisco, from as far south as Half Moon Bay to Bodega Bay to the north. This newly revised edition includes all new charts and photographs, the photographs taken from shore, from our boat, and from our friend and fellow sailor Jack Wigmore’s airplane to make it easier for Bay Area boaters to visualize the anchorages and marinas as they explore this amazing area. This new edition is the result of our having researched each destination thoroughly to be certain the information included herein is up-to-date. This latest edition is also easier to use than ever before because the images and most of the charts are in color. Even most long-time San Francisco Bay sailors will find something fresh in this comprehensive revised edition of Cruising Guide to San Francisco Bay.

**Future Development of the San Francisco Bay Area, 1960-2020**
United States. Department of Commerce. Office of Area Development 1959

**Trees of the San Francisco Bay Area**
Quick Reference Publishing 2019-11

**San Francisco Bay Area Nature Guide and Saijiki**
Patrick Gallagher 2010 A saijiki combines elements of a nature guide and haiku poetry.
Beautiful photographs and art accompany descriptions of seasonal occurrences of natural phenomena and human activities in the San Francisco Bay Area. Each element is accompanied by haiku that evoke an emotional or spiritual aspect of the human interaction with the natural world.

Lonely Planet Pocket San Francisco - Lonely Planet 2019-12-01 Lonely Planet's Pocket San Francisco is your most up-to-date advice on what to see and skip, and what hidden discoveries await you. Watch fog creep beneath the Golden Gate Bridge, ride a cable car past stately Victorian houses, and taste Californian cuisine at the Ferry Building- all with your trusted travel companion.

San Francisco Bay Shoreline Guide - Rasa Gustaitis 2012-08-31 “The San Francisco Bay Shoreline Guide takes us on a walking and cycling journey around San Francisco Bay, unfolding the wonder, drama and beauty of one of the great estuaries of the world.”--Robert Redford “From the bustling waterfronts of our cities and towns, to our wild, windswept, and thankfully, protected natural wetlands, this is our fantastic guide to all of the magnificence of the San Francisco Bay Shoreline. Grab it and go on world-class journeys in our own backyard. I’ll see you along the trail!”--Doug McConnell, Television Producer and Reporter “This guide helps to create an awareness and appreciation of San Francisco Bay.”--Sylvia McLaughlin, co-founder of Save the Bay Praise from the previous edition “There are absorbing stories here for the armchair reader and detailed guides for the active explorer. Read, enjoy, and cultivate your roots in the region.”—Harold Gilliam "Comprehensive and copiously illustrated, this Guide is a treasure-house of user-friendly information. It reveals the equivalent of a national park hitherto unknown in our midst.”—Margot Patterson Doss "This book is a complete guide to the Bay Area. All that's missing are the smells, so perhaps the next edition should be scratch and sniff.”—Robin Williams

Newcomer's Handbook for Moving to and Living in the San Francisco Bay Area - Scott Van Velsor 2009-10-13 The Newcomer's Handbook® for Moving to and Living in the San Francisco Bay Area: Including San Jose, Oakland, Berkeley, and Palo Alto, fourth edition, is extensively updated and revised for 2010. This new edition continues its strong focus on both San Francisco and the entire region, especially Silicon Valley. Of the 189 pages devoted exclusively to discussion of neighborhoods and communities, 50% describe San Francisco neighborhoods and North Bay communities, while 50% focus on the East Bay, Peninsula, and South Bay towns. From Santa Rosa to San Francisco to Vallejo, from Walnut Creek to Oakland to Newark, and from San Bruno to San Jose to Los Gatos, this Newcomer's Handbook®, written by Scott van Velsor, provides its readers with the most up-to-date information on housing styles, costs, and trends; redevelopment; and all the other niceties of Bay Area life, including education and childcare, transportation, cultural life, and much more.

The End of the Golden Gate - 2021-05-25 Capturing an ever-changing San Francisco, 25 acclaimed writers tell their stories of living in one of the most mesmerizing cities in the world. Over the last few decades, San Francisco has experienced radical changes with the influence of Silicon Valley, tech companies, and more. Countless articles, blogs, and even movies have tried to capture the complex nature of what San Francisco has become, a place millions of people have loved to call home, and yet are compelled to consider leaving. In this beautifully written collection, writers take on this Bay Area-dweller's eternal conflict: Should I stay or should I go? Including an introduction written by Gary Kamiya and essays from Margaret Cho, W. Kamau Bell, Michelle Tea, Beth Lisick, Daniel Handler, Bonnie Tsui, Stuart Schuffman, Alysia Abbott, Peter Coyote, Alia Volz, Duffy Jennings, John Law, and many more, The End of the Golden Gate is a penetrating journey that illuminates both what makes San Francisco so magnetizing and how it has changed vastly over time, shapeshifting to become something new for each generation of city dwellers. With essays chronicling the impact of the tech-industry invasion and the evolution, gentrification, and radical cost of living that has transformed San Francisco’s most beloved neighborhoods, these prescient essayists capture the lasting imprint of the 1960s counterculture movement, as well as the fight to preserve the art, music, and other creative movements that make this forever the city of love. For anyone considering moving to San Francisco, wishing to relive the magic of the city, or anyone

Downloaded from web.mrprintables.com on December 7, 2021 by guest
experiencing the sadness of leaving the bay—and ultimately, for anyone that needs a reminder of why we stay. Bound to be a long-time staple of San Francisco literature, anyone who has lived in or is currently living in San Francisco will enjoy the rich history of the city within these pages and relive intimate memories of their own. • GIVING BACK TO THE COMMUNITY: A percentage of the proceeds will be given to charities that help those in the bay experiencing homelessness. Every copy purchased offers a small way to help those in need.

San Francisco Bay Area—David Weintraub 2003-10 Discover the ridgetop view of the San Francisco Bay that inspired the explorer Portola. You'll find vistas galore atop the Bay Area's mountains, ridges, volcanoes, and hills.

Dockworker Power—Peter Cole 2018-12-30

Making and Unmaking of the San Francisco Bay—Gary C. Howard 2021-04-23 San Francisco Bay is a shallow estuary surrounded by a large population center. The forces that built it began with plate tectonics and involved the collision of the Pacific and North American plates and the subduction of the Juan de Fuka plate. Changes in the climate resulting from the last ice age yielded lower and then higher sea levels. Human activity influenced the Bay. Gold mining during the California gold rush sent masses of slit into the Bay. Humans have also built several major cities and filled significant parts of the Bay. This book describes the natural history and evolution of the SF Bay Area over the last 50 million years through the present and into the future. Key selling features: Summarizes a complex geological, geographical and ecological history Reviews how the San Francisco Bay has changed and will likely change in the future Examines the different roles and various drivers of Bay ecosystem function Includes the role of humans - both first peoples and modern populations - on the Bay Explores San Francisco Bay as an example of general bay ecological and environmental issues

Counterpoints—Anti-Eviction Mapping Project 2020-10 Counterpoints: A San Francisco Bay Area Atlas of Displacement and Resistance brings together cartography, essays, illustrations, poetry, and more in order to depict gentrification and resistance struggles from across the San Francisco Bay Area and act as a roadmap to counter-hegemonic knowledge making and activism. Compiled by the Anti-Eviction Mapping Project, each chapter reflects different frameworks for understanding the Bay Area's ongoing urban upheaval, including: evictions and root shock, indigenous geographies, health and environmental racism, state violence, transportation and infrastructure, migration and relocation, and speculative futures. By weaving these themes together, Counterpoints expands normative urban-studies framings of gentrification to consider more complex, regional, historically grounded, and entangled horizons for understanding the present. Understanding the tech boom and its effects means looking beyond San Francisco's borders to consider the region as a socially, economically, and politically interconnected whole and reckoning with the area’s deep history of displacement, going back to its first moments of settler colonialism. Counterpoints combines work from within the project with contributions from community partners, from longtime community members who have been fighting multiple waves of racial dispossession, to elementary school youth envisioning decolonial futures.

The Ohlone Way—Malcolm Margolin 1978 Describes the culture of Native American inhabitants in the California Bay Area prior to the arrival of Europeans, offering insight into the daily lives, culture and rituals of the Ohlone while tracing their experiences under Spanish, Mexican and American regimes. By the author of The Way We Lived.

Moon 101 Great Hikes of the San Francisco Bay Area—Ann Marie Brown 2014-09-16 Avid hiker and experienced travel writer Ann Marie Brown knows the best places to hike in the San Francisco Bay Area, from ocean-front and mountain trails to scenic walks through Wine Country. This fifth edition of Moon 101 Great Hikes of the San Francisco Bay Area includes new hikes, as well as a handy trail map for Marsh and South Pasture Loop. With helpful icons indicating access to historic sites, trails
that are appropriate for children, wheelchair-accessible trails, and trailheads that can be accessed via public transportation, this guide is perfect for inexperienced and expert hikers alike. Complete with difficulty levels from 1 to 5, Moon 101 Great Hikes of the San Francisco Bay Area provides hikers with first-rate expert advice and all the necessary tools to head outdoors. This ebook and its features are best experienced on iOS or Android devices and the Kindle Fire.

Lost Worlds of the San Francisco Bay Area-Sylvia Linsteadt 2017 In this coffee table book of luminous essays accompanied by an array of images, award-winning writer Sylvia Linsteadt brings to life the many microcosms that once flourished in the San Francisco Bay Area: from the farthest reach of the Russian Empire at Fort Ross, to acres upon acres of apricot blossoms in what is now known as Silicon Valley, to the Coney Island of the West on the Alameda shoreline, to San Francisco's bohemian Barbary Coast. For every "lost world," Linsteadt reconstructs the setting in lyrical prose supported by extensive research into each epoch. Vintage photographs, maps, and paintings combined with neo-Victorian design accentuate the words, immersing us fully in the nuances of each reality, whether mining quicksilver at New Almaden or shopping underneath the rotunda of the palatial Emporium. A book both dazzlingly beautiful and sensitive to the complexities of portraying bygone eras, Lost Worlds of the San Francisco Bay Area celebrates the ephemeral and, in reminding us of the many moments of humanity threaded through the past, makes our understanding of the present moment that much more rooted.

Golden Gate Gardening-Pam Peirce 2010 The bible of vegetable gardening in the San Francisco Bay Area has been revised and updated! Packed with more than 400 pages of reliable information, Golden Gate Gardening offers encyclopedic coverage of gardening principles and practices specific to the Bay Area and the Northern California coast. Author Pam Peirce explains strategies for growing common favorite vegetables and herbs, plus unusual ones that bring variety to the garden. She includes information on organizing a garden, dealing with pests, assessing a microclimate, cultivating fruit trees, gardening on a rooftop, harvesting the crop, and creating delicious gardener's dishes. This third edition also contains new or updated information on resources for specific seeds, tomato planting, organic gardening, and vegetables not included in previous editions, including amaranth, shell beans, Chinese broccoli, broccoli raab, Florence fennel, oca, okra, and quinoa. Charts, sidebars, maps, and online resources help make the vegetable gardening experience easier and more fun.

Birds of San Francisco and the Bay Area-Chris Fisher 1996 These attractive guides identify the birds most likely to be seen in your city's backyards, streets and parks. Introduces the fascinating and popular pastime of bird-watching. Includes advice on building feeders and birdhouses. Color illustrations help you identify birds quickly while the text provides interesting information about each bird. These books are easy-to-use references for the urban birdwatcher.
