The End of Iberian Rule on the American Continent, 1770–1830 - Brian R. Hamnett 2017-04-03

In this new work, Brian R. Hamnett offers a comprehensive assessment of the independence era in both Spanish America and Brazil by examining the interplay between events in Iberia and in the overseas empires of Spain and Portugal. Most colonists had wanted some form of unity within the Spanish and Portuguese monarchies but European intransigence continually frustrated this aim. Hamnett argues that independence finally came as a result of widespread internal conflict in the two American empires, rather than as a result of a clear separatist ideology or a growing national sentiment. With the collapse of empire, each component territory faced a struggle to survive. The End of Iberian Rule on the American Continent, 1770–1830 is the first book of its kind to give equal consideration to the Spanish and Portuguese dimensions of South America, examining these institutions in terms of their divergent component elements.

Fifty Years of Good Reading - University of Texas Press 2000

Fifty years since founding the University of Texas, they have witnessed major evolutions in the world of publishing.

Analiza el papel de la aristocracia en el desarrollo económico de Europa y América.

Revuelta, rebelion y revolucion / Revolt, Rebellion and Revolution - Friedrich Katz 2004-06-30

Haciendas de tierra y agua en la antigua ciénaga de Chapala - Heriberto Moreno García 1989

“Detailed agricultural study of the region of Michoacán bordering the Ciénaga of Chapala, also traces the varied connections of the region to Jalisco. A social regional history with genealogical information based on local sources, including summaries of land titles. Author’s vision of hacienda development is based on family histories. Covers both agriculture and animal husbandry, and analyzes the roles of owners and renters. Range from the 16th century through 1867” - Handbook of Latin American Studies, v. 58.
