Letters by a Modern Mystic - Frank Charles Laubach 2012-10-01 Frank C. Laubach (Sept. 2, 1884-June 11, 1970) was a Christian evangelical missionary and mystic known as "The Apostle to the Illiterates." In 1929, after fourteen years of successful teaching, writing, and administration in Cagayan and Manilla, he pursued his long-standing ambition of settling among the fierce Moros, a Muslim tribe on Mindanao. There, in the province of Lanao, he underwent a
remarkable series of experiences of God and simultaneously developed a technique for reducing the Moro language to writing with symbols closely correlated to their spoken words. This technique not only made it possible to teach them to read in only a few hours but also permitted them to teach others immediately. In 1928, two years before his transforming experiences, Laubach found himself profoundly dissatisfied. He then realized in 1930 that after fifteen years as a Christian minister he was still not living his days "in minute-by-minute effort to follow the will of God." He determined at that time to seek to begin lining up his actions with the will of God every few minutes. His confidants at the time told him he was seeking the impossible. Undeterred, he began to try living all his waking moments in "conscious listening to the inner voice, asking without ceasing, 'What, Father, do you desire said? What, Father, do you desire done this minute?'" He believed that this was exactly what Jesus did every day. "Letters by a Modern Mystic," first published in 1937, is a compilation of excerpts from letters that Laubach wrote to his father. The tremendous results of this experiment in living in moment-by-moment communion with God are found in the narrative of these letters. Dr. Laubach is probably best known for his work to address adult illiteracy in the world. He conceived a simple method of instruction that permitted even the most disadvantaged people in the world not only to learn to read but also to be able to teach others. "Each One Teach One" became the slogan for this instructional program, which is credited with equipping over one hundred million people with the ability to read. On September 2, 1984, the United States Postal Service issued a stamp commemorating the 100th anniversary of Laubach's birth.

Letters to Wesleyan Ministers on Ministerial Duty-UNKNOWN. AUTHOR 2015-07-18 Excerpt from Letters to Wesleyan Ministers on Ministerial Duty: With an Address to the Members of the Connection; An Account of the Trial and Excommunication of the Author, and an
Answer to the Reply of a Chelsea Member

My mind has been much pained of late, owing to the progress of the work of God among the Methodists. Fourteen years since, I joined the society at Salisbury Street. I soon found the inattention of the preachers to their appointments was a great hindrance to me. I was united to the people; our class-meetings were so profitable, that the thought of going to another place of worship was painful; however, I found I must. Five times in twelve months we were left without a preacher. My great desire was to grow in grace, and in the knowledge of Christ Jesus. I went to chapel, pleading for a blessing upon-the word, and often came away grieved and disappointed. I thought - are these men watching over souls as those who must give account? To assemble people together, and not come near them, or give a reason why, compels me to attend the preaching of the Gospel where I shall not meet with such disappointments. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

News Letter - American National Red Cross. Atlantic Division 1918

Marching with Sherman - Henry Hitchcock
The Comanche Empire - Pekka Hamalainen
2008-10-01 A groundbreaking history of the rise and decline of the vast and imposing Native American empire. In the eighteenth and early nineteenth centuries, a Native American empire rose to dominate the fiercely contested lands of the American Southwest, the southern Great Plains, and northern Mexico. This powerful empire, built by the Comanche Indians, eclipsed its various European rivals in military prowess, political prestige, economic power, commercial reach, and cultural influence. Yet, until now, the Comanche empire has gone unrecognized in American history. This compelling and original book uncovers the lost story of the Comanches. It is a story that challenges the idea of indigenous peoples as victims of European expansion and offers a new model for the history of colonial expansion, colonial frontiers, and Native-European relations in North America and elsewhere. Pekka Hääläinen shows in vivid detail how the Comanches built their unique empire and resisted European colonization, and why they fell to defeat in 1875. With extensive knowledge and deep insight, the author brings into clear relief the Comanches’ remarkable impact on the trajectory of history. 2009 Winner of the Bancroft Prize in American History “Cutting-edge revisionist western history.... Immensely informative, particularly about activities in the eighteenth century.”—Larry McMurtry, The New York Review of Books “Exhilarating...a pleasure to read.... It is a nuanced account of the complex social, cultural, and biological interactions that the acquisition of the horse unleashed in North America, and a brilliant analysis of a Comanche social formation that dominated the Southern Plains.”—Richard White, author of The Middle Ground: Indians, Empires, and Republics in the Great Lakes Region, 1650-1815
