**In Iudicio-Jean Paul Garnier** 2017-09-03 In Iudicio is a collection of poetry that offers a brutal account of worship, heartache, betrayal, and the overall spiritual transition one endures through relationships. The 39 poems of In Iudicio
are addressed to one on trial, whose verdict has not yet been determined. Throughout, the reader is given a raw glimpse into a private nightmare which may not have been intended for other eyes to witness, yet must painfully digest nonetheless. Garnier's poetry and fiction has appeared in various publications, whose subject matter is revered as diverse, challenging, and highly original. From the back cover: This book shall enter the reader through the stomach first; though not by any kind of umbilical spirit, as it will then travel up the gulping throat and out the reader's mouth as you whisper obscenities of wonder to the pages before you. As the subject of these thirty-nine lashes is one "on trial", In Iudicio is a guilty read. One may feel as though it was not meant for the eyes, perhaps a found journal or classified file. But safe to say, these lines have been blurred and made public, therefore the reader is implored to continue with salivating confidence.

The Rest of Their Lives - Jean-Paul Didierlaurent

2017-10-19 Filled with all the larger-than-life characters and enchanting storytelling that made readers fall for The Reader on the 6.27, Jean-Paul Didierlaurent's follow-up novel, The Rest of Their Lives, is set to charm the world. It's hard to find love with a job like Ambroise's - an embalmer in a small French town, he rarely spends time with the living. And while Manelle - a home-help for the elderly - enjoys her days taking care of her spirited clients, she finds her evenings are often spent with TV dinners for one. So when chance - and an unusual road trip - bring Ambroise and Manelle together, they are both more than ready for the rest of their lives to begin . . .

The Doppelgänger - Andrew J. Webber

1996-06-27 Ever since its literary coinage in Jean Paul's novel, Siebenkäs (1796), the concept of Doppelgänger has had significant influence upon representations of the self in German literature. This study charts the development of the double from its origins in the Romantic period, through its more marginal - but nonetheless significant -
manifestations in the post-Romantic culture, to its revival at the fin-de-siècle and transfer to the silent screen. The book features an introduction to the practice and theory underlying the use of the Doppelgänger, with particular reference to psychoanalysis, followed by chapters on Jean Paul, Hoffmann, Kleist, poetic realism (Droste-Hülshoff, Keller, Storm) and modernism (Kafka, Rilke, Hoffmannsthal, Schnitzler, Meyrink, Werfal). This study shows that the often underestimated figure of the double may provide a key to the epistemological, aesthetic and psychosexual structures of the texts it visits and revisits, with a particular focus on its effects in the fields of vision and language.

**Body Mirror**-Jean-Paul Bourdier 2020-11 This body of work is a contemplation of human beings' passage on earth and their intimate interrelation with the environment. This book attempts to bring humour to the things we are getting attached to. It points at the invisible within the visible, the immaterial within the material or the vertical nature of being (and its mirror-like quality) within our horizontal way of living (where our mind, time, and space condition our experiences). The naked body is seen as our primary indivisible unit of perception which is usually pushed and pulled by our thinking mind's desire to either get less or more. In other words, our lives are coloured by our minds and since body-mind is a single entity, most of the colours painted on the body are an allusion to the range of our changing desires from being invisible or transparent to wanting to be singular and the centre of attention. The book's Interviews (the interviewers are from Russia, Colombia, Korea, Germany, and the US) stanzas, and photographs are not seen as being subservient to one another but can be seen as an assemblage of three independent directions that may or may not intersect following each reader.

**Hola Papi**-John Paul Brammer 2021-06-08 From popular LGBTQ advice columnist and writer John Paul Brammer comes a hilarious, heartwarming
memoir-in-essays chronicling his journey growing up as a queer, mixed-race kid in America’s heartland to becoming the “Chicano Carrie Bradshaw” of his generation. “A wise and charming book. [Brammer] is such a good writer, and so well rounded.”—David Sedaris

“[Brammer] is both kind and piercingly funny, often in the same sentence....Personal and affecting....¡Hola Papi! is a master class of tone and tenderness, as Brammer balances self-compassion with humor.” —THE NEW YORK TIMES BOOK REVIEW (EDITORS’ CHOICE)

“[¡Hola Papi! should be] required reading...[Brammer’s] writing is incredibly funny, kind, and gracious to his readers, and deeply vulnerable in a way that makes it feel as if he’s talking to only you.” —LOS ANGELES TIMES

The first time someone called John Paul (JP) Brammer “Papi” was on the popular gay hookup app Grindr. At first, it was flattering; JP took this as white-guy speak for “hey, handsome.” Who doesn’t want to be called handsome? But then it happened again and again...and again, leaving JP wondering: Who the hell is Papi? What started as a racialized moniker given to him on a hookup app soon became the inspiration for his now wildly popular advice column “¡Hola Papi!,” launching his career as the Cheryl Strayed for young queer people everywhere—and some straight people too. JP had his doubts at first—what advice could he really offer while he himself stumbled through his early 20s? Sometimes the best advice to dole outcomes from looking within, which is what JP has done in his column and book—and readers have flocked to him for honest, heartfelt wisdom, and of course, a few laughs. In ¡Hola Papi!, JP shares his story of growing up biracial and in the closet in America’s heartland, while attempting to answer some of life’s toughest questions: How do I let go of the past? How do I become the person I want to be? Is there such a thing as being too gay? Should I hook up with my grade school bully now that he’s out of the closet? Questions we’ve all asked ourselves, surely. ¡Hola Papi! is “a warm, witty compendium of hard-won life lessons,” (Harper’s Bazaar) for anyone—gay, straight, and everything in between—who has ever taken stock
of their unique place in the world. “Readers are likely to become addicted to these stories; they’re that good...Brammer comes to know himself very well, and readers will be delighted to make his acquaintance, too,” (Booklist, starred review).

The Philosophy of Jean-Paul Sartre-Jean-Paul Sartre 2003 Provides translations of extracts from the French philosopher's works.

A Commentary on Jean-Paul Sartre's Being and Nothingness-Joseph S. Catalano 1985-09-15 “[A Commentary on Jean-Paul Sartre's Being and Nothingness] represents, I believe, a very important beginning of a deservedly serious effort to make the whole of Being and Nothingness more readily understandable and readable. . . . In his systematic interpretations of Sartre's book, [Catalano] demonstrates a determination to confront many of the most demanding issues and concepts of Being and Nothingness. He does not shrink—as do so many interpreters of Sartre—from such issues as the varied meanings of 'being,' the meaning of 'internal negation' and 'absolute event,' the idiosyncratic senses of transcendence, the meaning of the 'upsurge' in its different contexts, what it means to say that we 'exist our body,' the connotation of such concepts as quality, quantity, potentiality, and instrumentality (in respect to Sartre's world of 'things'), or the origin of negation. . . . Catalano offers what is doubtless one of the most probing, original, and illuminating interpretations of Sartre's crucial concept of nothingness to appear in the Sartrean literature.”—Ronald E. Santoni, International Philosophical Quarterly
Meet Paul Blick: born in France (but not Paris); son of a car dealer; provincial sociology student-cum-theoretical revolutionary; briefly employed (by his father-in-law); married and soon to discover adultery and other satisfactions of a desperate househusband as consort of a high-flying wife who conquers the world as CEO of a Jacuzzi-manufacturing company. This not-so-extraordinary Frenchman is delivered to the not-so-extraordinary awareness of having arrived in middle age more a product of his times, his country, and blind chance than a creature of his own free will. Jean-Paul Dubois gives us a man whose life reflects the story – the mind and the heart – of a society coming belatedly, poignantly, and often hilariously to grips with the abiding pain and intermittent beauty of what living has become.

No Exit and Three Other Plays-Jean-Paul Sartre 2015-07-15 Four seminal plays by one of the greatest philosophers of the twentieth century. An existential portrayal of Hell in Sartre's best-known play, as well as three other brilliant, thought-provoking works: the reworking of the Electra-Orestes story, the conflict of a young intellectual torn between theory and conflict, and an arresting attack on American racism.

The Girl Who Reads on the Métro—Christine Féret-Fleury 2019-10-08 “With a cast of characters reminiscent of the French film Amélie, Féret-Fleury creates a world that is delightful and enchanting...Light and sweet as a bonbon, this little confection of a book is delicious.”
—Kirkus Reviews

For fans of Amélie and The Little Paris Bookshop, a modern fairytale about a French woman whose life is turned upside down when she meets a reclusive bookseller and his young daughter. Juliette leads a perfectly ordinary life in Paris, working a slow office job, dating a string of not-quite-right men, and fighting off melancholy. The only bright spots in her day are her métro rides across the city and the stories she dreams up about the strangers reading books across from her: the old lady, the math student, the amateur ornithologist, the woman in love, the girl who always tears up at page 247. One morning, avoiding the office for as long as she can, Juliette finds herself on a new block, in front of a rusty gate wedged open with a book. Unable to resist, Juliette walks through, into the bizarre and enchanting lives of Soliman and his young daughter, Zaide. Before she realizes entirely what is happening, Juliette agrees to become a passeur, Soliman’s name for the booksellers he hires to take stacks of used books out of his store and into the world, using their imagination and intuition to match books with readers. Suddenly, Juliette’s daydreaming becomes her reality, and when Soliman asks her to move in to their store to take care of Zaide while he goes away, she has to decide if she is ready to throw herself headfirst into this new life. Big-hearted, funny, and gloriously zany, The Girl Who Reads on the Métro is a delayed coming-of-age story about a young woman who dares to change her life, and a celebration of the power of books to unite us all.

Titan—J. Paul 1948

No Exit—Jean-Paul Sartre 1958 Two women and one man are locked up together for eternity in one hideous room in Hell. The windows are
bricked up, there are no mirrors, the electric lights can never be turned off, and there is no exit. The irony of this Hell is that its torture is not of the rack and fire, but of the burning humiliation of each soul as it is stripped of its pretenses by the cruel curiosity of the damned. Here the soul is shorn of secrecy, and even the blackest deeds are mercilessly exposed to the fierce light of Hell. It is an eternal torment.

A Bright Shining Lie-Neil Sheehan 2009-10-20 One of the most acclaimed books of our time—the definitive Vietnam War exposé and the winner of the Pulitzer Prize and the National Book Award. When he came to Vietnam in 1962, Lieutenant Colonel John Paul Vann was the one clear-sighted participant in an enterprise riddled with arrogance and self-deception, a charismatic soldier who put his life and career on the line in an attempt to convince his superiors that the war should be fought another way. By the time he died in 1972, Vann had embraced the follies he once decried. He died believing that the war had been won. In this magisterial book, a monument of history and biography that was awarded the National Book Award and the Pulitzer Prize for Nonfiction, a renowned journalist tells the story of John Vann—"the one irreplaceable American in
Vietnam”—and of the tragedy that destroyed a country and squandered so much of America's young manhood and resources.

**The Long Year** Thomas J. Sugrue 2022-01-04
Some years—1789, 1929, 1989—change the world suddenly. Or do they? In 2020, a pandemic converged with an economic collapse, inequalities exploded, and institutions weakened. Yet these crises sprang not from new risks but from known dangers. The world—like many patients—met 2020 with a host of preexisting conditions, which together tilted the odds toward disaster. Perhaps 2020 wasn’t the year the world changed; perhaps it was simply the moment the world finally understood its deadly diagnosis. In The Long Year, some of the world’s most incisive thinkers excavate 2020’s buried crises, revealing how they must be confronted in order to achieve a more equal future. Keeanga-Yamahtta Taylor calls for the defunding of police and the refunding of communities; Keisha Blain demonstrates why the battle against racism must be global; and Adam Tooze reveals that COVID-19 hit hardest where inequality was already greatest and welfare states weakest. Yarimar Bonilla, Xiaowei Wang, Simon Balto, Marcia Chatelain, Gautam Bhan, Ananya Roy, and others offer insights from the factory farms of China to the elite resorts of France, the meatpacking plants of the Midwest to the overcrowded hospitals of India. The definitive guide to these ongoing catastrophes, The Long Year shows that only by exposing the roots and ramifications of 2020 can another such breakdown be prevented. It is made possible through institutional partnerships with Public Books and the Social Science Research Council.

Existentialism Is a Humanism - Jean-Paul Sartre 2017-07-22 Existentialism Is a Humanism By Jean-Paul Sartre

Robert Schumann - John Daverio 1997-04-10 Forced by a hand injury to abandon a career as a pianist, Robert Schumann went on to become one of the world's great composers. Among many works, his Spring Symphony (1841), Piano Concerto in A Minor (1841/1845), and the Third, or Rhenish, Symphony (1850) exemplify his infusion of classical forms with intense, personal emotion. His musical influence continues today and has inspired many other famous composers in the century since his death. Indeed Brahms, in a letter of January 1873, wrote: "The remembrance of Schumann is sacred to me. I will always take this noble pure artist as my model."

Now, in Robert Schumann: Herald of a "New Poetic Age," John Daverio presents the first comprehensive study of the composer's life and works to appear in nearly a century. Long regarded as a quintessentially romantic figure, Schumann also has been portrayed as a profoundly tragic one: a composer who began his career as a genius and ended it as a mere talent. Daverio takes issue with this Schumann myth, arguing instead that the composer's entire creative life was guided by the desire to imbue music with the intellectual substance of
literature. A close analysis of the interdependence among Schumann's activities as reader, diarist, critic, and musician reveals the depth of his literary sensibility. Drawing on documents only recently brought to light, the author also provides a fresh outlook on the relationship between Schumann's mental illness--which brought on an extended sanitarium stay and eventual death in 1856--and his musical creativity. Schumann's character as man and artist thus emerges in all its complexity. The book concludes with an analysis of the late works and a postlude on Schumann's influence on successors from Brahms to Berg. This well-researched study of Schumann interprets the composer's creative legacy in the context of his life and times, combining nineteenth-century cultural and intellectual history with a fascinating analysis of the works themselves.

**Pope John Paul II**-Pope John Paul II 2007 In a papacy that lasted for over twenty-six years (1978-2005), Pope John Paul II has left behind an enormous legacy. This one of a kind book contains a selection of quotes from more than 70,000 pages of the teachings of Pope John Paul II which are found in his encyclicals, apostolic exhortations, letters, homilies, addresses, and other texts published during his long pontificate. The editors have divided the material into twelve categories or chapters, provided an introduction for each chapter, and have chosen the most relevant material in each area. Themes range from the divine self-revelation, to the sacraments and liturgy, to the Christian spiritual life. It is the editors' intention to let the Pope speak for himself rather than paraphrasing the material. They have also focused on material which impacts the whole Church and world rather than limited audiences. Teachers and students of all areas of theology will find this to be a required addition to their library.
Witness to Hope—George Weigel 2009-10-13
“Fascinating...sheds light on the history of the twentieth century for everyone.”—New York Times Book Review
Now, with an updated preface, the latest edition of the definitive biography of Pope John Paul II that explores how influential he was on the world stage and in some of the most historic events of the twentieth century that can still be felt today. Witness to Hope is the authoritative biography of one of the singular figures—some might argue the singular figure—of our time. With unprecedented cooperation from John Paul II and the people who knew and worked with him throughout his life, George Weigel offers a groundbreaking portrait of the Pope as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics—and changed the course of history. As even his critics concede, John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore or avoid as humanity entered a new millennium fraught with possibility and danger. The Pope was a man of prodigious energy who played a crucial, yet insufficiently explored, role in some of the most momentous events of our time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of Latin America. With an updated preface, this edition of Witness to Hope explains how this “man from a far country” did all of that, and much more—and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world.

Gregg's Shorthand Reading Book - 1900-J.R. Gregg 1900

Existentialism is a Humanism—Jean-Paul Sartre 2007-07-24
This book presents a new English translation of two seminal works by Jean-Paul Sartre, the most dominant European intellectual of the post-World War II decades. The volume includes Sartre's 1945 lecture
“Existentialism Is a Humanism” and his analysis of Camus's The Stranger, along with a discussion of these works by acclaimed Sartre biographer Annie Cohen-Solal. This edition is a translation of the 1996 French edition, which includes Arlette Elkaïm-Sartre's introduction and a Q&A with Sartre about his lecture. In her foreword, intended for an American audience, acclaimed Sartre biographer Annie Cohen-Solal offers an assessment of both works. It was to correct common misconceptions about his thought that Sartre accepted an invitation to speak on October 29, 1945, at the Club Maintenant in Paris. The unstated objective of his lecture (“Existentialism Is a Humanism”) was to expound his philosophy as a form of “existentialism,” a term much bandied about at the time. Sartre asserted that existentialism was essentially a doctrine for philosophers, though, ironically, he was about to make it accessible to a general audience. The published text of his lecture quickly became one of the bibles of existentialism and made Sartre an international celebrity. The idea of freedom occupies the center of Sartre's doctrine. Man, born into an empty, godless universe, is nothing to begin with. He creates his essence—his self, his being—through the choices he freely makes (“existence precedes essence”). Were it not for the contingency of his death, he would never end. Choosing to be this or that is to affirm the value of what we choose. In choosing, therefore, we commit not only ourselves but all of mankind.
